

PRODUCT NAME

PROCECCO

PRODUCT DESCRIPTION

Our collection of boxwood is made with 10" x 10" / 25cm x 25cm panels of extremely realistic multi-colored, extruded plastic leaves attached to a steel interior frame. These can also be fabricated to your specific dimensions and are sold with rectangular stainless-steel bases that can be custom manufactured. Minimum quantities required.

TECHNICAL SPECIFICATIONS

- o Stainless-steel bases are weighted to prevent boxwood from falling.
- o Custom options available for extreme weather conditions.
- o Single sheets also available for your own fabrication

AVAILABLE MATERIALS

PLASTIC COATED STEEL	STAINLESS STEEL	FAUX HEDGE
